

Foundation Study 16: Biblical Theology.

Biblical theology is the study of the mega themes of Scripture. It's a study of the large ideas of the Bible, whereas systematic theology is an up-close examination of the individual doctrines of the Christian faith. Biblical theology is the forest, whereas systematic theology (Foundations 1-10) are the trees.

Biblical Theology

The big idea of the Bible is **the Supremacy of God**
For you, O Lord, are supreme over all the earth. Psalm 97:9 NLT
